## REQUEST FOR CORRECTED FILING RECEIPT

Dear Sir or Madam:

We have received a Filing Receipt for the above-identified patent application and have noted an error in the Filing Date. Specifically, the Filing Date on the Filing Receipt is indicated as December 29, 2003, when the application was in fact filed on December 30, 2003.

The present application should be accorded a filing date of December 30, 2003 based on filing of the application on that date pursuant to a Certificate of Mailing by "Express Mail." In support, we enclose a copy of Express Mail Label No. EL 684751816 US, stamped December 30, 2003 by the US Post Office, and a copy of the Certificate of Mailing by "Express Mail" which bears the same Express Mail Label No. and indicates December 30, 2003 as the filing date. Also enclosed is a copy of the Utility Patent Application Transmittal Cover Sheet for the application also dated December 30, 2003 bearing the same Express Mail Label No.

Applicants respectfully request that the Filing Date be corrected on the Filing Receipt to read: 12/30/2003. A copy of the Filing Receipt with applicants' requested correction indicated in red is also enclosed.

**LICENSE FOR FOREIGN FILING UNDER  
Title 35, United States Code, Section 184  
Title 37, Code of Federal Regulations, 5.11 & 5.15**

**GRANTED**

The applicant has been granted a license under 35 U.S.C. 184, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" followed by a date appears on this form. Such licenses are issued in all applications where the conditions for issuance of a license have been met, regardless of whether or not a license may be required as set forth in 37 CFR 5.15. The scope and limitations of this license are set forth in 37 CFR 5.15(a) unless an earlier license has been issued under 37 CFR 5.15(b). The license is subject to revocation upon written notification. The date indicated is the effective date of the license, unless an earlier license of similar scope has been granted under 37 CFR 5.13 or 5.14.

This license is to be retained by the licensee and may be used at any time on or after the effective date thereof unless it is revoked. This license is automatically transferred to any related applications(s) filed under 37 CFR 1.53(d). This license is not retroactive.

The grant of a license does not in any way lessen the responsibility of a licensee for the security of the subject matter as imposed by any Government contract or the provisions of existing laws relating to espionage and the national security or the export of technical data. Licensees should apprise themselves of current regulations especially with respect to certain countries, of other agencies, particularly the Office of Defense Trade Controls, Department of State (with respect to Arms, Munitions and Implements of War (22 CFR 121-128)); the Office of Export Administration, Department of Commerce (15 CFR 370.10 (j)); the Office of Foreign Assets Control, Department of Treasury (31 CFR Parts 500+) and the Department of Energy.

**NOT GRANTED**

No license under 35 U.S.C. 184 has been granted at this time, if the phrase "IF REQUIRED, FOREIGN FILING LICENSE GRANTED" DOES NOT appear on this form. Applicant may still petition for a license under 37 CFR 5.12, if a license is desired before the expiration of 6 months from the filing date of the application. If 6 months has lapsed from the filing date of this application and the licensee has not received any indication of a secrecy order under 35 U.S.C. 181, the licensee may foreign file the application pursuant to 37 CFR 5.15(b).
